Real men wear pink. And there's ample evidence of that in the wide array of pink (dress shirts) currently taking residence in our closet. But this October, we find ourselves honed in on the color pink more than ever, as Bonobos has partnered with **The Pink Agenda**, a not-for-profit organization committed to raising money for breast cancer care, research and general awareness among young professionals today, the result of which is the Bonobos Pink Polo (**available at Bonobos for \$68**). The Pink Polo is made from 100% pima cotton and features an embroidered placket logo (the contrast one in particular is a detail we love) and as with all Bonobos products, a perfectly contoured, yet comfortable fit. And for every purchase of the Pink Polo, Bonobos will donate \$5 to The Pink Agenda, supporting a truly worthy cause as well as providing you with a boost in both style and a little color as well.
