"The Pink Agenda (TPA) is an organization of young professionals committed to raising money for The **Breast Cancer** Research Foundation (BCRF) and Susan G. Komen for the Cure, the country's most effective and efficient breast cancer research and direct care service organizations. We hope that our efforts will not only expedite the eventual discovery of a cure for the disease, but that the awareness we raise amongst those in our generation will result in earlier detection, as well as an understanding of where to go for support and resources if ever faced with a breast cancer diagnosis.

The Pink Agenda is committed not only to raising money for breast cancer research by soliciting donations from individual and corporate sponsors, but also to increasing young people's awareness of the disease. By hosting events in cities such as New York, Boston, Chicago, Washington, DC, and Los Angeles, we're bringing our message—and a whole lot of fun—to a new generation of philanthropists."
